

AMENDED IN SENATE APRIL 25, 2011

SENATE BILL

No. 932

Introduced by Senator Leno

February 18, 2011

~~An act relating to hazardous waste. An act to add Chapter 5.5 (commencing with Section 108670) to Part 3 of Division 104 of the Health and Safety Code, relating to product safety.~~

LEGISLATIVE COUNSEL'S DIGEST

SB 932, as amended, Leno. ~~Hazardous waste: recycling of residential fluorescent lighting. Cellular telephones: notice requirement.~~

Existing law regulates the labeling requirements for various consumer products.

This bill would require a specified notice relating to radiofrequency energy emitted by a cellular telephone to be prominently displayed by the retailer of the cellular telephone immediately adjacent to the displayed purchase price at the physical retail location and on the retailer's Internet Web sites, and on the cellular telephone's exterior packaging or on a label attached to that exterior packaging.

~~Existing law, the California Lighting Efficiency and Toxics Reduction Act, administered by the Department of Toxic Substances Control, prohibits a person from manufacturing for sale or selling in the state specified general purpose lights that contain levels of hazardous substances prohibited by the European Union pursuant to the RoHS Directive. A violation of the hazardous waste control law is a crime.~~

~~This bill would state the intent of the Legislature to enact legislation that would promote the recycling of residential fluorescent lighting.~~

Vote: majority. Appropriation: no. Fiscal committee: no.
State-mandated local program: no.

The people of the State of California do enact as follows:

1 *SECTION 1. Chapter 5.5 (commencing with Section 108670)*
2 *is added to Part 3 of Division 104 of the Health and Safety Code,*
